REGISTRATIONS HAVE BEGUN & NEW PROGRAMS HAVE ARRIVED

That time of year is upon us again when we begin to prepare for another outstanding summer. We will run ten weeks of summer camp this year beginning on Tuesday, June 22nd and ending on Friday, August 27th.

This summer we will be offering a Nutrition Program for ages 5-11 as part of our summer camp. We will incorporate it into arts & crafts, computer time as well as encouraging campers to be physically fit throughout the summer. They will learn about foods that are good for them as well as how to make healthy choices. There

will be field trips to local farms as well as our regular field trips such as Bosquet Water Park, Look Park, Inter-skate 91 and more.

For our older campers we are offering a new program called **“OUTDOOR ADVENTURES”**. Campers that are old enough to participate will spend a lot of their summer in the outdoors hiking, canoeing, rock wall climbing and more. They will learn about building self-esteem through team leadership programs and they will also accompany us on various field trips. We will end the summer with a family cookout.

FOOD GLORIOUS FOOD

Charisse will once again be in charge of our Food Service Program provided to us by The Dept. of Education and Project Bread. Our good friends at the South Middle School will prepare our breakfast and lunch for us once again this year ensuring that every camper is receiving a well rounded healthy meal. These are included in your weekly fee for camp.

SUMMER READING SKILLS & DRILLS

We are lucky to have a literacy specialist who will be in the building to help campers who may need some help to enhance their reading skills throughout the summer. There is a limited number of spaces available and it will be a part of their camp day at no extra cost.
