Want to Make a Difference?

Become a BGC PAL Mentor!

National PAL is a community-based mentoring program which helps kids learn that their community is more than just their neighborhood and that all members of the community can help improve the quality of life. This is done in collaboration with local, state, and federal law enforcement agencies.

Help a child realize their importance in their community!

What is Mentoring?

Mentoring is an important force for improving a child's life. It increases self-confidence, regular school attendance & academic achievement.

It is a structured and trusting relationship that brings young people together with caring individuals who offer guidance, support, and encouragement aimed at developing the competence and character of the mentees.

What is a BGC PAL Mentor?

A PAL mentor is a caring individual who is there for the youth, to care about them and help them through advocacy, support and patience.

*All it takes is
volunteering your time 1 hour a
week!*
